

HRSG Users Handbook

Design • Operation • Maintenance

Since 1993, the HRSG User's Group has brought together users, manufacturers, service providers, and consultants from around the world to discuss the design, operation, and maintenance of heat-recovery steam generators. After a decade of technical meetings, the Group captured the many lessons its members had learned in a practical set of HRSG guidelines. That 1st Edition proved highly valuable to owner/operators, project developers, manufacturers, design engineers, insurance representatives, and many other industry participants in 41 countries.

HRSG Users Handbook, 2nd Edition, builds upon that first effort, and goes well beyond! Published in 2006, the 2nd Edition captures the industry's latest and best thinking in greater depth and clarity, with all-new chapters contributed by a team of 30 combined-cycle authorities—all experts in their respective fields who have actively participated in HRSG User's Group meetings for many years, and who know first-hand the information needed to achieve operational excellence. At 512 pages, HRSG Users Handbook comprises nearly three times more substance than the 1st Edition! It is more comprehensive in its span, more detailed in its content, and more visually interesting with better graphics, textbook-style layouts, and a durable, permanently bound hardcover. The information presented has never been compiled previously in such detail and made available at an affordable price.

Only the HRSG User's Group could have put together such a wide-ranging and up-to-date handbook! The Group tapped its 1200-plus members and hand-picked the top industry authorities to author the book's 40 insightful chapters. Contributing companies include HRSG users, designers, engineering consultants, and water-treatment specialists.

◆ IMPROVE NEW COMBINED-CYCLE/COGEN PROJECT DESIGNS

◆ UPGRADE O&M PROCEDURES AT EXISTING PLANTS

◆ GET TOP VALUE IN PLANT SALES AND ACQUISITIONS

Chapter 1 — SAFETY FIRST	Chapter 7 — ENVIRONMENTAL SYSTEMS
Chapter 2 — HRSG DESIGN	7.1 Emissions-Control Systems
2.1 The HRSG as an Operating System	7.2 Certifying a CEMS
2.2 Developing Design Specifications	Chapter 8 — THE MAINTENANCE PROGRAM
2.3 Vertical HRSGs	Chapter 9 — MAINTENANCE OF HRSGs
2.4 Small HRSGs	9.1 Standard Maintenance Practices to Avoid Substandard HRSG Life
Chapter 3 — COMMISSIONING & INITIAL STARTUP	9.2 Pinpointing & Repairing HRSG Tube Leaks
3.1 Overview of a Successful Commissioning	9.3 Welding Tube-to-Header Joints
3.2 Steam-System Cleaning	9.4 NDE Tools for HRSG Users
3.3 Initial Performance Testing	9.5 Special Maintenance Practices
Chapter 4 — STEAM-SYSTEM OPERATION	Chapter 10 — PIPING SYSTEMS
4.1 'Best Practice' Operating Procedures	10.1 Piping Basics
4.2 Steam Bypass Systems	10.2 Special Piping Considerations
4.3 Duct Burner Operation	Chapter 11 — VALVE MAINTENANCE
4.4 Attemperators	Chapter 12 — DUCTWORK, DAMPERS, & STACKS
Chapter 5 — COMBINED-CYCLE PERFORMANCE	Chapter 13 — MAINTENANCE OF DUCT BURNERS
5.1 Real-World Performance Monitoring	Chapter 14 — INSTRUMENTATION & CONTROLS
5.2 Performance Monitoring of HRSGs	Chapter 15 — PLANT STAFFING & ORGANIZATION
5.3 Perf Monitoring of Steam Turbines & Condensers	Chapter 16 — FAILURE ANALYSIS
Chapter 6 — WATER TREATMENT	16.1 Overview of Root-Cause Analysis
6.1 HRSG Failure Mechanisms	16.2 HRSG Tube-Failure Root-Cause Analysis
6.2 Makeup Water Treatment	Chapter 17 — OUTAGE MANAGEMENT
6.3 Steam-Cycle Chemistry	Appendix A. Directory of Industry Suppliers
6.4 HRSG Layup	Appendix B. Presentations at Annual Conferences
6.5 Cooling-Water Treatment	Appendix C. Glossary of Acronyms and Abbreviations
6.6 Water-Chemistry Automation	

Order the HRSG Users Handbook

First published in 2003, this 2nd Edition Handbook was substantially expanded in 2006, with all-new chapters contributed by a team of 30 combined-cycle authorities. Individual copies cost \$390.00. Fast, secure ordering is available on-line at www.HRSGusers.org. Or you may complete this form, and fax it with your credit-card order. Third option is to mail a check (remit to HRSG User's Group, amount must be in US dollars). Send all orders to:
